You’re getting a new Medicare card!

Cards will be mailed between April 2018 – April 2019

You asked, and we listened. You’re getting a new Medicare card! Between April 2018 and April 2019, we’ll be removing Social Security numbers from Medicare cards and mailing each person a new card. This will help keep your information more secure and help protect your identity.

You’ll get a new Medicare Number that’s unique to you, and it will only be used for your Medicare coverage. The new card won’t change your coverage or benefits. You’ll get more information from Medicare when your new card is mailed.

Here’s how you can get ready:

- Make sure your mailing address is up to date. If your address needs to be corrected, contact Social Security at ssa.gov/myaccount or 1-800-772-1213. TTY users can call 1-800-325-0778.
- Beware of anyone who contacts you about your new Medicare card. We’ll never ask you to give us personal or private information to get your new Medicare Number and card.
- Understand that mailing everyone a new card will take some time. Your card might arrive at a different time than your friend’s or neighbor’s.

Benefit Period: A benefit period is the way that Original Medicare measures use of hospital and skilled nursing facility (SNF) services. A benefit period begins the day a person enters a hospital or SNF and ends when they have not received hospital or Medicare-covered skilled care in a SNF for 60 days in a row.

Skilled Nursing Facility

| Day 1-20 | $ 0 for each benefit period |
| Days 21-100 | $ 167.50 coinsurance per day of each benefit period |
| Days 101 & beyond | All costs for each day |

If you stop getting skilled care in the SNF, or leave the SNF altogether, your SNF coverage may be affected depending on how long your break in SNF care lasts.

If your break in skilled care lasts more than 30 days, you need a new 3-day hospital stay to qualify for additional SNF care. The new hospital stay doesn’t need to be for the same condition that you were treated for during your previous stay.

If your break in skilled care lasts for at least 60 days in a row, this ends your current benefit period and renews your SNF benefits. This means that the maximum coverage available would be up to 100 days of SNF benefits.

Eligibility:
Hospital Insurance, known as Part A, is based on you or your spouse’s employment history. You are eligible for Part A if you:

Age 65 and Older:
- You or your spouse (or former spouse) had at least 10 years (or 40 calendar quarters) of employment in which you paid Social Security taxes;
- Would be entitled to Social Security benefits based on your spouse’s (or divorced spouse’s) work record, and that spouse is at least 62 (your spouse does not have to apply for benefits in order for you to be eligible based on your spouse’s work); or
- Receive Social Security or railroad retirement benefits;
• Are not getting Social Security or railroad retirement benefits, but you have worked long enough to be eligible for benefit;
• Worked long enough in a Federal, State, or local government job to be insured for Medicare; or

Under Age 65:
• Receive Social Security disability benefits and have amyotrophic lateral sclerosis (Lou Gehrig’s) disease; or
• Have been a Social Security disability beneficiary for 24 months; or
• Been diagnosed with End-Stage Renal Disease (ESRD) and receiving dialysis treatments or have had a kidney transplant; or
• Have worked long enough in a federal, state, or local government job and you meet the requirement of the Social Security disability program.

**Enrollment:**
• For those already receiving Social Security benefits (including Rail Road or disability), enrollment is automatic and would be effective the first of the month in which they turn 65.
• Enroll through Social Security at **1-800-772-1213**. Or online [http://www.ssa.gov](http://www.ssa.gov).

**The Qualified Medicare Beneficiary (QMB) program** will pay for a person’s Medicare Part A premium. For more information, please refer to the Medicare Savings Program Section in this guide.
MEDICARE - Part B

Co-Insurance: 20% of the Medicare approved amount once the deductible is met.

Deductible: $183.00

Eligibility:
The eligibility rules for Part B depend on whether a person is eligible for premium-free Part A or whether the individual must pay a premium for Part A coverage.

- Individuals who are eligible for premium-free Part A are also eligible to enroll in Part B once they are entitled to Part A. Enrollment in Part B can only happen at certain times.
- Individuals who must pay a premium for Part A must meet the following requirements to enroll in Part B:
  - Be age 65 or older;
  - Be a U.S. resident; AND
  - Be either a U.S. citizen, OR
  - Be an alien who has been lawfully admitted for permanent residence and has been residing in the United States for 5 continuous years prior to the month of filing an application for Medicare

Under Age 65: If you are under the Age of 65, you must meet the same criteria noted above (for persons Age 65 and up) and are receiving Social Security Disability Insurance (SSDI) for more than 24 months, or diagnosed with End-Stage Renal Disease, or Amyotrophic Lateral Sclerosis (ALS).

If a person does not purchase Part B when first eligible, they may face a penalty. (See Late Enrollment Penalty section on the reverse side of this page.)

Enrollment Guidelines:
Enroll through Social Security at 1-800-772-1213 or on-line http://www.ssa.gov.

If a person or their spouse is still working and there is active health coverage through the employer, contact the employer’s human resource department to learn how Medicare coordinates. A person may be able to delay enrollment into Medicare Part B.

Helpful Hint: If you find a person that does not qualify for one of the below enrollment periods, a Medicare Savings Program (MSP) can assist with an automatic enrollment into Medicare Part B!
- **General Enrollment Period:** for Part B is from January 1st to March 31st of each year. Coverage does not begin until July 1st of that year.

- **Initial Enrollment Period:** A person has 7 months surrounding their 65th birthday to join Part B (3 months prior to the birthday, the month of the birthday, and 3 months after).

- **Special Enrollment Period (SEP):** Individuals who do not enroll in Part B or premium Part A when first eligible because they were covered under a group health plan based on their own or a spouse’s current employment (or the current employment of a family member, if disabled), may enroll during the SEP. The individual can enroll at any time while covered under the group health plan based on current employment, or during the 8-month period that begins the month the employment ends, or the group health plan coverage ends, whichever comes first.

  - If you enroll while covered, or during the first full month after coverage ends, your Medicare Part B will start on the first day of the month you enroll. (You can also delay the start date for coverage until the first day of any of the following 3 months.)
  - If you enroll during any of the 7 remaining months, your Medicare Part B coverage begins the month after you enroll.

  **Warning:** Having COBRA does not delay the 8-month window to enroll. Client may still be subject to penalty!

- **Late Enrollment Penalty:**
  - The Late Enrollment Penalty will go up 10 percent for each full 12-month period that a person could have had Part B but didn’t sign up for it.
  - You can remove the Late Enrollment Penalty if you are eligible for a Medicare Savings Program (MSP). For more information, please refer to the MSP Section in this guide.
  - If you are under Age 65 and receiving Medicare Part B with penalty, the Late Enrollment Penalty is waived (removed) at the time of your 65th birthday.

**Equitable Relief (or Appeal) for Enrollment or Late Enrollment Penalty:**
The Medicare Rights Center has prepared an excellent summary on how to request equitable relief for immediate enrollment into Part B based on misrepresentation. A summary letter is also provided on the following pages.
**Premium:**

- The standard Part B premium amount in 2018 will be $134 (or higher depending on your income). However, some people who get Social Security benefits pay less than this amount ($130 on average). You'll pay the standard premium amount (or higher) if:
  - You enroll in Part B for the first time in 2018.
  - You don't get Social Security benefits.
  - You're directly billed for your Part B premiums (meaning they aren't taken out of your Social Security benefits).
  - You have Medicare and Medicaid, and Medicaid pays your premiums. (Your state will pay the standard premium amount of $134.)
  - Your modified adjusted gross income as reported on your IRS tax return from 2 years ago is above a certain amount. If so, you’ll pay the standard premium amount and an Income Related Monthly Adjustment Amount (IRMAA). IRMAA is an extra charge added to your premium.

If you're in 1 of the 5 groups mentioned above, here's what you'll pay in 2018.

**Premiums, How to file for Equitable Relief:**

For Social Security to change their records, a person must show evidence that their income is lower. Evidence can be brought to a local Social Security office or it can be mailed to Social Security. Evidence needs to be accompanied with form SSA-44. [http://www.ssa.gov/online/ssa-44.pdf](http://www.ssa.gov/online/ssa-44.pdf)
Equitable Relief: Navigating the process

Equitable relief is an administrative process created under federal law that allows people with Medicare to request relief from the Social Security Administration (SSA) in the form of:

- Immediate or retroactive enrollment into Medicare Part B, and/or
- The elimination of your Part B premium penalty

Who can obtain equitable relief?
For SSA to grant equitable relief, it must determine that your failure to enroll in Part B was:

- “Unintentional, inadvertent, or erroneous” and
- Was the result of “error, misrepresentation or inaction of a federal employee or any person authorized by the federal government to act in its behalf”

For example, if you did not enroll in Part B because a Social Security representative told you that you did not need to enroll, you may have grounds for equitable relief.

How can you request equitable relief?
In order to request equitable you should write a letter to Social Security explaining that you received misinformation from a federal employee (someone at 800-Medicare, Social Security, or someone acting on the federal government's behalf such as a Medicare private health plan). You can find the address of your local Social Security office by calling 800-772-1213 or visiting www.ssa.gov.

Be as specific as possible in your letter. Make sure to include the dates and times you spoke with the federal employee or representative and their name if possible. Also be sure to describe the outcome of the conversation. You must also state whether you want coverage going forward or retroactive coverage, and/or the elimination of your Part B penalty. Remember, if you are granted retroactive coverage, you will have to pay premiums back to the time your coverage begins.

You should always keep copies of the documents you send to Social Security. You should also follow up with your local office one month after you submit your letter. If you are having trouble contacting SSA, contact your Senator or Congressperson and ask them to follow up with SSA for you.

Problems with equitable relief
SSA is not required to respond to your request within any set timeframe, nor is there a formal decision letter that they will send you in response to your request. In the equitable relief process you have no formal rights and you do not have the right to appeal if your request is denied.

Equitable relief is not a formal legal process, but this should not deter you from filing for equitable relief. Many people have been successful in their pursuit of relief.

Re: Medicare Part B Premium Penalty
Beneficiary: [Name]
SSN: [Social Security Number]

Dear Sir/Madam:

I am writing to request that the Social Security Administration grant me Equitable Relief by waiving my Medicare Part B premium penalty and allowing me to enroll in Part B effective immediately/retroactive to [specific date].

The [penalty/delay in Part B coverage] is not reasonable because I followed the rules as they were explained to me by a [Medicare/Social Security/other federal agency/or federal agent such as a Medicare Private plan] representative.

[Explain why you did not enroll in Part B when first eligible. Be as detailed as possible regarding any misinformation you received from Social Security or other federal agency or federal agent such as a Medicare Private plan including names and dates.] 42 U.S.C. § 1395p(h) states:

In any case where the Secretary finds that an individual’s enrollment or nonenrollment in the insurance program...is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of an officer, employee, or agent of the Federal Government, or its instrumentalities, the Secretary may take such action (including the designation for such an individual for a special initial or subsequent enrollment period, with a coverage period determined on the basis thereof and with appropriate adjustments of premiums) as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction.

Pursuant to the above statute, the Social Security Administration should allow me to enroll in Part B effective [immediately or as of specific retroactive date] AND/OR remove my Part B penalty]. Thank you.

Sincerely,

[Your name]

NOTES:
A Medicare Advantage Plan sometimes referred to as Part C is a type of Medicare health plan offered by a private company that contracts with Medicare to provide Part A and Part B benefits. Medicare Advantage Plans include Health Maintenance Organizations, Preferred Provider Organizations, Private Fee-for-Service Plans, Special Needs Plans, and Medicare Medical Savings Account Plans. If you’re enrolled in a Medicare Advantage Plan, most Medicare services are covered through the plan and aren’t paid for under Original Medicare. Most Medicare Advantage Plans offer prescription drug coverage.

**Cost:**
The monthly Part B premium. Some plans charge an extra monthly premium. Your client may also pay the plan a co-payment per visit or service. With an HMO, your client will be responsible for all charges if they go out-of-network except for emergency services, urgent care, and out-of-area dialysis.

**Eligibility:**
You must have Medicare Part A and Part B and live in the health plan’s service area. A beneficiary will still have the same Medicare rights and protections.

**Enrollment Guidelines:**
Please refer to page 29, Medicare Enrollment Period section in this guide.

**Types of Medicare Advantage Plans:**

**Health Maintenance Organization** – (HMO) In HMO Plans, you generally must get your care and services from doctors, other health care providers, or hospitals in the plan's network, except: Emergency care Out-of-area urgent care Out-of-area dialysis. In some plans, you may be able to go out-of-network for certain services, but it usually costs less if you get your care from a network provider. This is called an HMO with a point-of-service (POS) option. The plan may require members to get referrals from a primary care physician to see a specialist in their network.

**Preferred Provider Organization**- (PPO) – A Medicare PPO Plan is a type of Medicare Advantage Plan offered by a private insurance company. In a PPO Plan, you pay less if you use doctors, hospitals, and other health care providers that belong to the plan's network. You pay more if you use doctors, hospitals, and providers outside of the network. A member does not have to get a referral to see a specialist

**Private Fee for Service** – (PFFS) A Medicare PFFS is offered by a private insurance company. PFFS plans aren’t the same as Original Medicare or Medigap. The plan determines how much it will pay doctors, other health care providers, and hospitals, and how much you must pay when you get care. Under a PFFS plan, a person with Medicare may go to any Medicare-approved medical provider or hospital that accepts the plan’s payment terms. PFFS plans also have networks of providers, no referrals are necessary.
**Specialty Needs Plans** – (SNPs) A Medicare SNP is a type of Medicare Advantage plan that is only available for certain Medicare beneficiaries, such as those with both Medicare and Medicaid (or who are enrolled in a Medicare Savings Program), institutionalized beneficiaries, or those with certain chronic conditions. Special Needs Plans may offer more focused and specialized health care as well as better coordination of care. All SNPs include Part D drug coverage.

**Medical Savings Account** - (MSA) – Medicare MSA plans combine a high deductible Medicare Advantage plan with a medical savings account. The plan deposits an amount annually into an account which can be used for medical expenses. Any unused portion can be carried over to the next year. Once the high deductible is met, the plan pays 100% of covered expenses. Preventive services may not be subject to the deductible and coinsurance. MSA plans do not have a provider network. MSA plan members can use any Medicare provider.

**Best Available Evidence (BAE):**
The Centers for Medicare & Medicaid Services (CMS) created the Best Available Evidence (BAE) policy to address incorrect Low-Income Subsidy (LIS)/Extra cost sharing data in the electronic data systems of CMS, pharmacy and Part D plans. BAE ensures Medicare beneficiaries with LIS aren’t charged too much or have higher copayments than expected.

*Contact the Plan by using their SHIP designated numbers!* These numbers can be found in the directory section in this Guide. The plan must accept proper faxed documentation and update the beneficiaries LIS information at the pharmacy. It can take 2 to 24 hours for the pharmacist’s system to be updated.

**Acceptable Documentation:**

**Extra Help (LIS) Eligible Beneficiaries:**
- A letter of award from the Social Security Administration.

**Medicaid Eligible Beneficiaries:**
- Copy of beneficiary Medicaid card, with eligibility date.
- A print out from State enrollment file showing Medicaid status during a month after June of previous year.
- A screen-print from the State’s Medicaid system or state document showing Medicaid status during a month after June of previous calendar year.

**Medicare Savings Program Beneficiaries:**

New York State Department of Health sends an electronic file every month to CMS. We ask that newly awarded beneficiaries wait the expected amount of time for their lower co-pay status to be recognized at the pharmacy. They will be reimbursed the difference for any prescription filled from their effective date.

*Exception:* If the beneficiary has an expensive drug that they cannot afford, we can ask the State Medicaid Office to send a screen-shot to CMS. This can be done by filling out a CTM and faxing it to NYSOFA at 518-486-2225.

**Helpful Hint:** Part D plans may rely on the beneficiary showing the pharmacy a current Medicaid card or other approved information provided by a state Medicaid office as proof of low-income subsidy status.

</tbody>
</table>

Coverage Gap/Donut Hole:
The gap starts when a person’s TOTAL cost of prescriptions (what the beneficiary and the plan) has paid for covered drugs. In 2018, the coverage gap begins when total drug costs reach $3,750

Catastrophic Coverage:
When a person’s Total Out-Of-Pocket Costs for covered drugs (only what the BENEFICIARY has paid) reaches $5,000 in 2018. A beneficiary will pay five percent of the cost of each covered drug, or a co-pay of $3.35/$8.35, whichever is greater.

Deductible: 2018 Deductible $405
If a person changes plans during a year, their Annual Deductible should carry over from one plan to the next. A person may want to save EOBs and submit proof to the second plan to justify their annual deductible had been met.

Eligibility:
You must be enrolled in Medicare Part A and/or B to enroll in Medicare Part D.

**Enrollment Guidelines:**

Medicare offers prescription drug coverage to everyone with Medicare. If you decide not to get Medicare drug coverage when you're first eligible, you'll likely pay a late enrollment penalty unless one of these applies:

- You have other creditable prescription drug coverage
- You get Extra Help

To get Medicare drug coverage, you must join a plan run by an insurance company or other private company approved by Medicare. Each plan can vary in cost and drugs covered. There are two ways you can obtain Medicare drug coverage:

1. Medicare Prescription Drug Plan (Part D). These plans (sometimes called "PDPs") add drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private Fee-for-Service (PFFS) Plans, and Medicare Medical Savings Account (MSA) Plans.

2. Medicare Advantage Plan (Part C) (like an HMO or PPO) or other Medicare health plan that offers Medicare prescription drug coverage. You get all of your Medicare Part A (Hospital Insurance) and Medicare Part B (Medical Insurance) coverage, and prescription drug coverage (Part D), through these plans. Medicare Advantage Plans with prescription drug coverage are sometimes called “MA-PDs.” You must have Part A and Part B to join a Medicare Advantage Plan.

**Enrollment Periods:** See Medicare Enrollment Periods, page 29.

**Late Enrollment Penalty:**

Generally, a person has 63 days to enroll into a Part D Plan after losing creditable drug coverage through no fault of their own.

The premium penalty will be one percent, of the national premium, for every month you delay enrollment.

2016 National Average Premium = $34.10  
2017 National Average Premium = $35.63  
2018 National Average Premium = $35.02  
2019 National Average Premium = $33.19

For example, the average national premium in 2018 was $35.02 a month. If you delayed enrollment for five months, your monthly penalty would be $1.75. This penalty will be added to the person’s plan premium. ($35.02 x 1% = $0.3502 x 5 = $1.75)

**Helpful Hint**

Extra Help can remove a penalty! For more information, please refer to the Extra Help Section in this guide.
Appealing a Part D Penalty:
To appeal the Part D LEP, you can contact Maximus at the below numbers or mail a written request for reconsideration (be sure to include supporting documentation such as proof of creditable coverage)

**Transition Policy – 30 Day Supply:**

A transition refill, also known as a transition fill, is a one-time, 30-day supply of a Medicare-covered drug that Medicare Part D plans, must cover. Transition fills are:

- Temporary,
- Are not for new prescriptions, and
- A person has 90 days after you join a plan to get a transition fill.

The beneficiary should use the one-time transition fill period to work with their doctor to decide whether it’s ok to switch to another drug the plan covers with no limitations, or to request a formulary exception.

**Prescription Appeals Process:**

If a plan denied a request to override a restriction, or move the drug to a lower cost tier (requested an “exception”), you can file appeal. The exception needs to be officially denied in writing. Notice from the pharmacy is not an official denial.

The process for appealing is the same whether you are working with an Advantage Plan or stand-alone private drug plan. A person has 60 days from the date on the "Notice of Denial" to submit an appeal. An appeal process chart is located on the following page.
**A request for a coverage determination includes a request for a tiering exception or a formulary exception. A request for a coverage determination may be filed by the enrollee, by the enrollee’s appointed representative or by the enrollee’s physician or other prescriber. **

The adjudication timeframes generally begin when the request is received by the plan sponsor. However, if the request involves an exception request, the adjudication timeframe begins when the plan sponsor receives the physician’s supporting statement.

***The AIC requirement for an ALJ hearing and Federal District Court is adjusted annually in accordance with the medical care component of the consumer price index. The chart reflects the amounts for calendar year 2018.**
Managed Long-Term Care (MLTC)

Managed long-term care (MLTC) health plans provide services for some chronically ill New Yorkers and/or those with disabilities. MLTC plans are available on a regional basis to those who have Medicare and Medicaid (dually eligible individuals) and require long-term care services and supports. MLTC is one of several demonstration programs across the country with the goal of providing better and more coordinated care for dually eligible individuals while reducing health care expenditures where possible. MLTC plans are approved by the New York State Department of Health. These plans provide coverage for a number of services, including:

- Home care (including personal care and skilled nursing care)
- Adult day health care (medical only, or medical and social together)
- Home-delivered meals and congregate meals
- Medical equipment, durable medical equipment (DME), eyeglasses, hearing aids, home modifications
- Non-emergency medical transportation
- Podiatry, audiology, dentistry, and optometry, Physical, speech, and occupational therapy and Nursing home care

Coordination of Benefits: Having an MLTC plan does not affect your Medicare. This means that Original Medicare or your Medicare Advantage Plan remains your primary payer, paying first for the care you get from hospitals, primary care doctors, and specialists. Your Medicare prescription drug coverage also remains unchanged.

Eligibility/Enrollment:

Mandatory if beneficiary fulfills all the following:

- Are 21 years or older
- Are dually eligible for both Medicare and Medicaid
- Require long-term care services and supports for more than 120 days
- Live in New York State

Voluntary if:

- Dually eligible individuals age 18 to 20 who meet the other three above criteria

Need Help? For assistance with MLTC counseling, please contact the Independent Consumer Advocacy Network (ICAN) at 844-614-8800 or ican@cssny.org<mailto:ican@cssny.org>.

**Other Basic Coverage**

**Accountable Care Organizations (ACO’s)**
An ACO is a group of doctors, hospitals, and other health care providers who come together voluntarily to give coordinated high-quality care to their Medicare patients. The goal of coordinated care is to ensure that patients, especially the chronically ill, get the right care at the right time, while avoiding unnecessary duplication of services and preventing medical errors.

ACOs are not managed care. A list of ACOs can be found at: [https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/ACO/index.html](https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/ACO/index.html)

**Emergency Ambulance Coverage:**
You can get emergency ambulance transportation when you’ve had a sudden medical emergency, and your health is in danger because you can’t be safely transported by other means, like by car or taxi.

The ambulance provider must accept Medicare assignment and bill Medicare direct, meaning they must accept the Medicare-approved amount. Medicare will pay for 80% of its approved amount, and you will be responsible for 20% co-insurance.

**Non-Emergency Ambulance Coverage:** Medicare coverage of a non-emergency situation is limited. You may be able to get non-emergency ambulance transportation if you have a written order from your doctor saying that ambulance transportation is medically necessary. Medicare will never pay for ambulette services.

**Limiting Charge – Balanced Billing**
- In New York State, limits apply to the amount a physician may charge a Medicare beneficiary to 105% of the amount approved by Medicare.
- Beneficiary is still required to pay the Medicare deductible and co-insurance
- Law applies to more specialized services and treatments provided in a doctor’s office or clinic. Also, applies to all physician treatments and services provided on an inpatient basis in the hospital.
- Does not apply to participating doctors who accept Medicare assignment in all cases.
- Law excludes CPT codes 99201-99215 and 99341-99353, which include routine office or home visits. For these services, the Federal limit of 115% of the Medicare approved amount applies.
- If discrepancies are noted, beneficiaries may request their Medicare Administrative Contractor to review the Medicare Summary Notice (MSN). Review must be requested within 4 months of the date of the MSN. If dissatisfied with the results of the review, beneficiary may seek a higher level of review.
- In New York State, QMB eligible enrollees are not responsible for any Medicare Part B Cost-Sharing.

**Coordination of Benefits and Recovery Center (BCRC):**
1-855-798-2627 (they accept SHIP Unique IDs!)

If a beneficiary has Medicare and other health insurance or coverage, each type of coverage is called a "payer." When there's more than one payer, "coordination of benefits" rules decide which one pays first. The "primary payer" pays what it owes on your bills first, and then sends the rest to the "secondary payer" to pay. In some cases, there may also be a third payer.

Coordination of Benefits Recovery Center can assist with Medicare coverage status, auto no-fault, workman's compensation, liability, or a change in insurance coverage or employment status. They can review and update a person’s billing information. In some cases, supporting documentation may need to be supplied.

**Durable Medical Equipment (DME):**

Medicare’s **Competitive Bidding Program** for durable medical equipment, prosthetics, orthotics, and supplies (DMEPOS) changes the amount Medicare pays for certain DMEPOS items. These items include: Oxygen, oxygen equipment and supplies; standard (power and manual) wheelchairs, scooters and related accessories; eternal nutrients, equipment and supplies; Continuous Positive Airway Pressure (CPAP) devises, respiratory assist devices, and related supplies and accessories; hospital beds and related accessories; walkers and related accessories; negative pressure wound therapy pumps, related supplies and accessories; support surfaces.

**Diabetic Supplies** - Medicare has a National Mail-Order Program for diabetic testing supplies. If a person does not wish to use mail-order, they can still obtain diabetic supplies at a local store. National mail-order contract suppliers can't charge you more than any unmet Part B deductible and 20% coinsurance. Local stores also can't charge more than any unmet Part B deductible and 20% coinsurance if they accept Medicare assignment. Local stores that don't accept assignment may charge you more. If you get your supplies from a local store, check with the store to find out what your payment will be.

DMEPOS applies to individuals on Original Medicare who live in certain counties within New York State.

To find a Medicare approved supplier in your area, go to [www.dmecompetitivebid.com](http://www.dmecompetitivebid.com) or [www.medicare.gov/Supplierdirectory](http://www.medicare.gov/Supplierdirectory)

**Foreign Travel:**
Medicare does not cover medical care outside of the country. If you will be traveling to a foreign country and want insurance, talk to your travel agent about special travel insurance. The only exceptions in which Medicare may cover medical care outside of the U.S. are:

- Medicare will pay for emergency services in Canada if you are traveling a direct route between Alaska and another state.
- Medicare will pay for medical care you get on a cruise ship if:
  - You get the care while the ship is in U.S. territorial waters. This means the ship is in a U.S. port or within six hours of arrival at or departure from a U.S. port.
- Medicare may pay for non-emergency in-patient services in a foreign hospital (and connected physician and ambulance costs). It is covered if it is closer to your residence than the nearest U.S. hospital that is available and equipped to treat your medical condition. This may happen if, for example, you live near the border of Mexico or Canada.

**Medigap Coverage Outside the U.S:** If you have Medigap Plan C, D, E, F, G, H, I, J, M or N, your plan:

- Covers foreign travel emergency care if it begins during the first 60 days of your trip, and if Medicare doesn't otherwise cover the care.
- Pays 80% of the billed charges for certain medically necessary emergency care outside the U.S. after you meet a $250 deductible for the year.

Foreign travel emergency coverage with Medigap policies has a lifetime limit of $50,000.

**Foreign Living:**

If a person wishes to reside in another country (foreign living), Medicare will not cover any health services outside of the USA and its territories. The person may want to consider keeping Part B in case they plan to return to the United States. This will eliminate the need to wait until the next Part B enrollment period and any penalties.

**Home Health Care:**

Medicare Part A (Hospital Insurance) and/or Medicare Part B (Medical Insurance) covers eligible home health services like these:

- Intermittent skilled nursing care
- Physical therapy
- Speech-language pathology services
- Continued occupational services, and more

A beneficiary is typically referred for homecare services by a physician. A Medicare participating home health care agency (HHA) will then perform an assessment to see if the beneficiary meets the Medicare criteria for coverage. (Continued on next page)

The agency will draft a “plan of care”. The plan of care will need to be approved and certified by a doctor.

- You can find a Medicare-approved home health agency at
http://www.medicare.gov/homehealthcompare/

**Home Health Aide:**

Medicare will pay for part-time or intermittent home health aide services (like personal care), if necessary to maintain health or treat an illness. Medicare doesn’t cover home health aide services unless also receiving skilled care. Skilled care includes:

- Skilled nursing care
- Physical therapy
- Speech-language pathology services
- Continuing occupational therapy, if you no longer need any of the above.

If a person does not qualify to have a Medicare approved aide, there are other programs that will cover this expense, such as Medicaid and the Program of All-Inclusive Care for the Elderly (PACE).

**Hospice:**

Hospice care is a program of care and support for people who are terminally ill. You can get Medicare hospice benefits when you meet all the following conditions:

- You are eligible for Medicare Part A (hospital insurance), and
- Your doctor and the hospice medical director certify that you are terminally ill and have six months or less to live if your illness runs its normal course, and
- You sign a statement choosing hospice care instead of other Medicare-covered benefits to treat your terminal illness*, and
- You get care from a Medicare approved hospice program.

The doctor and the hospice medical team will work with the beneficiary and family to set up a plan of care that meets the needs of the beneficiary. When a person chooses hospice care, Medicare will not pay for treatment intended to cure the terminal illness or prescription drugs to cure the terminal illness. * Medicare will still pay for covered benefits for any health problems that aren’t related to your terminal illness.

To find a Hospice program in New York, call 1-800-Medicare or visit www.medicare.gov. You can also refer to CMS’ publication on Hospice: https://www.medicare.gov/pubs/pdf/02154-Medicare-Hospice-Benefits.pdf

**Mental Health:**

Medicare Part A covers inpatient mental health services that you receive in either a psychiatric hospital (a hospital that only treats mental health patients) or a general hospital. Be aware that
you will have the same out-of-pocket costs regardless of whether you receive care in a general or psychiatric hospital. After meeting your Part A deductible, Original Medicare pays in full for the first 60 days of your benefit period. After day 60, you will pay a daily hospital coinsurance.

20% of the Medicare approved amount for mental health services you get from doctors and other providers while you’re in the hospital inpatient.

Note: There’s no limit to the number of benefit periods you can have when you get mental health care in a general hospital. You can also have multiple benefit periods when you get care in a psychiatric hospital. Remember, there’s a lifetime of 190 days.

Medicare Part B covers outpatient mental health care, including the following services:

- Individual and group therapy
- Substance abuse treatment
- Tests to make sure you are getting the right care
- Occupational therapy
- Activity therapies, such as art, dance, or music therapy
- Training and education (such as training on how to inject a needed medication or education about your condition)
- Family counseling to help with your treatment
- Laboratory tests
- Prescription drugs that you cannot administer yourself, such as injections that a doctor must give you
- An annual depression screening.

**Non-Covered Medicare Services:**

- **Alternative medicine**, including experimental procedures and treatments, acupuncture, and chiropractic services (other than manual subluxation of the spine);
- **Most care received outside of the United States**;
- **Cosmetic surgery** (unless it is needed to improve the function of a malformed part of the body);
- **Most dental care**;
- **Hearing aids** or the examinations for prescribing or fitting hearing aids (except for implants to treat severe hearing loss in some cases);
• **Personal care or custodial care**, such as help with bathing, toileting and dressing (unless homebound and receiving skilled care) and nursing home care (except in a SNF, if eligible);

• **Housekeeping services to help you stay in your home**, such as shopping, meal preparation, and cleaning (unless you are receiving hospice care);

• **Non-medical services**, including hospital television and telephone, a private hospital room, canceled or missed appointments, and copies of x-rays;

• **Most non-emergency transportation**, including ambulance services;

• **Transportation**, except for medically necessary ambulance services; and

• **Most vision (eye) care**, including eyeglasses (except when following cataract surgery) and examinations for prescribing or fitting eyeglasses.

**Filing Direct Medical Payment Claims to Medicare – 1490s**

To obtain Medicare payment or receive a Medicare denial notice, beneficiary’s need to send their original bill along with any other proper documentation (ask the doctor to code the bill and list the medical condition) to:

National Government Services, Inc. PO Box 6178
Indianapolis, IN 46206-6178

A copy of the 1490s form can be found at:

Medicare claims must be filed no later than 12 months (or one full calendar year) after the date when the services were provided.

**The Public/Consumer:**

For general questions or complaints, the public should call 1-800-342-3736 or 212-480-6400 in New York City.

**Eligibility:**

To be eligible for a Medigap, you must be enrolled in both Part A and Part B.

*Remember, Medigap insurance will only pay if Medicare pays!*

Note: For a person to qualify for AARP’s United Healthcare’s Medigap, a person must be a member of AARP and at least 50 years old.

**Open Enrollment in New York State:**

New York State law and regulation require that any insurer writing Medigap insurance must accept a Medicare enrollee’s application for coverage at any time throughout the year. Insurers may not deny the applicant a Medigap policy or make any premium rate distinctions because of health status, claims experience, medical condition or whether the applicant is receiving health care services.

**Waiting Periods in New York State:**

Medigap policies *may* contain up to a six (6) month waiting period before the pre-existing condition is covered. A pre-existing condition is a condition for which medical advice was given or treatment was recommended or received from a physician within six months before the effective date of coverage. However, under NYS regulation, the waiting period may either be reduced or waived entirely, depending upon your individual circumstances. Medigap insurers are required to reduce the waiting period by the number of days that you are were covered under some form of “creditable” coverage so long as there were no breaks in coverage of more than 63 calendar days. Coverage is considered “creditable” if it is one of the following types of coverage:

- A group health plan;
- Health insurance coverage;
- Medicare*;
- Medicaid;
- CHAMPUS AND TRICARE health care programs for the uniformed military services;
- A medical care program of the Indian Health Services or tribal organization;
• A state health benefits risk pool;
• A health benefit plan issued under Peace Corps Act; and
• Medicare supplement insurance, Medicare select coverage or Medicare Advantage.

*Credit for the time that a person was previously covered under Medicare shall be required only if the applicant submits an application for Medigap insurance prior to or during the six-month period beginning with the first day of the first month in which an individual is both 65 years of age or older and is enrolled for benefits under Medicare Part B.

List of Medigap Plans and Rates in New York State:

For a list of Medigap plans in New York State, please go to the following website:
http://www.dfs.ny.gov/

Dis-enrolling from a Medigap plan:

Medigap policies cannot work with Medicare Advantage Plans. If you have a Medigap policy and join a Medicare Advantage Plan (Part C), you may want to drop your Medigap policy. Your Medigap policy can't be used to pay your Medicare Advantage Plan copayments, deductibles, and premiums.

How to Cancel: Contact your insurance company. If you leave the Medicare Advantage Plan, you might not be able to get the same Medigap policy back, or in some cases, any Medigap policy unless you have a "trial right."

If you have a Medicare Advantage Plan, it's illegal for anyone to sell you a Medigap policy unless you're switching back to Original Medicare. Contact your State Insurance Department if this happens to you.

If you want to switch to Original Medicare and buy a Medigap policy, contact your Medicare Advantage Plan to see if you're able to dis-enroll.

If you join a Medicare Advantage Plan for the first time, and you aren't happy with the plan, you'll have special rights to buy a Medigap policy if you return to Original Medicare within 12 months of joining.

• If you had a Medigap policy before you joined, you may be able to get the same policy back if the company still sells it. If it isn't available, you can buy another Medigap policy.

• The Medigap policy can no longer have prescription drug coverage even if you had it before, but you may be able to join a Medicare Prescription Drug Plan (Part D).

• If you joined a Medicare Advantage Plan when you were first eligible for Medicare, you can choose from any Medigap policy.

* Plan F also offers a high-deductible option in which you pay a $2,240 deductible in 2018 before Medigap coverage starts.
** Plans K and L pay 100% of your Part A and Part B copays after you spend a certain amount out of pocket. The 2018 out-of-pocket maximum is $5,240 for Plan K and $2,620 for Plan L.

**Note:** Plans E, H, I, and J stopped being sold June 1, 2010. If you bought a Medigap between July 31, 1992 and June 1, 2010, you can keep it even if it's not being sold anymore. Your benefits are different from what’s on the chart above. This chart also doesn’t apply to Massachusetts, Minnesota and Wisconsin. Those states have their own Medigap systems.

PROBLEM RESOLUTION

1) **Call the Plan** – With your SHIP User Unique ID, you can discuss personal information regarding a client with the Plan. Plans have designated direct SHIP telephone numbers for counselors to call. See the Directories Section to obtain a list of dedicated numbers.

Even with your Unique ID, you will still need to provide the beneficiary’s name, address (including zip-code) and date of birth.

2) **Call the CMS SHIP Number** - 1-888-647-6701

With your SHIP Unique ID, you can discuss personal information regarding a beneficiary with Medicare Representatives.

It will ask you to enter your SHIP Unique ID.

Medicare representatives at this number **cannot** retro-enroll or retro-dis-enroll beneficiaries. These types of cases can only be handled by CMS.

3) **Medicare Rights Center (MRC)** - NYSOFA has contracted with MRC to provide technical assistance.

THERAPY LIMITS

Medicare Coverage for Outpatient Physical, Occupational and Speech Therapy

Medicare Part B (Medical Insurance) helps pay for medically necessary outpatient physical and occupational therapy, and speech-language pathology services.

Your costs in Original Medicare:

- You pay 20% of the Medicare-approved amount, and the Part B deductible applies.

Medicare law no longer limits how much Medicare pays for your medically necessary outpatient therapy services in one calendar year. However, your therapist will need to add information to your therapy claims if your therapy services reach these amounts in 2018:

- $2,010 for physical therapy (PT) and speech-language pathology (SLP) services combined
- $2,010 for occupational therapy (OT) services

The therapy limits apply to outpatient therapy received at:

- Therapists' or physicians' offices;
- Outpatient hospital, and
- Home, when not part of a Medicare-covered home health benefit.

Once your therapy services reach these amounts, your therapist will need to add a special code to your therapy claim. By adding this code, your therapist confirms that:

- Your therapy services are reasonable and necessary
- Your medical record includes information to explain why the services are medically necessary

A Medicare contractor may also review your medical records to be sure your therapy services were medically necessary. This review may happen if your therapy services reach these amounts in 2018:

- $3,000 for PT and SLP services combined
- $3,000 for OT services

EPIC is New York State program that helps income-eligible seniors with their out-of-pocket Medicare Part D drug plan costs. In 2018, EPIC will continue to provide supplementary drug coverage for Part D and EPIC covered drugs after any Part D deductible is met. EPIC will also continue to cover Part D excluded drugs such as prescription vitamins and prescription cough and cold preparations.

Eligibility:

To join EPIC, a senior must:

- Be a New York State resident age 65 or older; and
- Have an annual income below $75,000 if single or $100,000 if married; and
- Be enrolled or eligible to be enrolled in a Medicare Part D plan (no exceptions); and
- Not be receiving full Medicaid benefits.

Note: EPIC income is based on prior year’s income. No change in circumstances will apply.

EPIC Has Two Plans Based On Income:

EPIC Fee Plan:

The Fee Plan is for members with income up to $20,000 if single or $26,000 if married. Members pay an annual fee to EPIC ranging from $8 to $300 based on their prior year's income. This fee is billed in quarterly installments or can be paid annually. Members with
Full Extra Help will have their EPIC fee waived. All fee plan members will receive Medicare Part D assistance up to $39.00 in 2018. Non-payment of EPIC fees will result in loss of EPIC benefits.

**EPIC Deductible Plan:**

The Deductible Plan is for members with income ranging from $20,001 to $75,000 if single or $26,001 to $100,000 if married. Members must meet an annual EPIC deductible based on their prior year's income before they pay EPIC co-payments for drugs.

EPIC pays the Medicare Part D drug plan premiums up to $39.00 in 2018 for members in the Deductible Plan with incomes ranging from $20,001 to $23,000 if single or $26,001 to $29,000 if married.

Deductible Plan members with income between $23,001 to $75,000 if single or $29,001 to $100,000 if married are required to pay their Medicare Part D plan premium each month. To provide Part D premium assistance, the member’s EPIC deductible is reduced by the annual cost of a basic benchmark Part D drug plan (in 2018, $468.00)

**What Benefits Does EPIC Provide?**

**Premium Assistance**

- EPIC will pay the Medicare Part D premiums up to the benchmark amount ($39.00 in 2018) for members with incomes up to $23,000 if single and $29,000 if married. If a member's income is above these amounts, then EPIC will not pay the Medicare Part D premium.

  - If you are approved for the full or partial Extra Help, EPIC will provide additional premium assistance up to the benchmark amount ($39.00 in 2018) if Extra Help does not cover the entire premium.

- If you are in a Medicare Advantage Plan, EPIC will only pay up to the benchmark amount of the drug portion. EPIC will not contribute toward the Part C premium.

If an EPIC member qualifies for premium assistance and receives a letter from their plan indicating they will be cancelled for non-payment, immediately contact BOTH their Medicare Part D plan and the EPIC Helpline at 1-800-332-3742. The helpline representative will contact the plan to make sure the member is not in danger of being cancelled from their Part D plan.
Drug Coverage

- EPIC provides supplemental coverage for Medicare Part D and EPIC covered drugs.

- Part D excluded drugs such as prescription vitamins and prescription cough and cold preparations will also be covered. EPIC will supplement the member’s Initial Coverage Period, Coverage Gap and the Catastrophic Coverage Period. EPIC will not supplement drugs purchased in the Medicare Part D deductible phase, if the member’s plan has one.

- EPIC members should show the pharmacist their Part D and EPIC cards. Members must be sure to use a pharmacy or mail-order pharmacy that participates in both EPIC and their Part D plan, since EPIC only covers drugs purchased at participating pharmacies.

- EPIC co-payments range from $3 to $20 and are based on the cost of the prescription remaining after being billed to the Medicare Part D drug plan. For example, for a drug that costs $100 at the pharmacy, the member will pay $20. Below is the EPIC co-payment schedule:

**EPIC Enrollees Must Also Have Medicare Part D Coverage**

While enrollment for Medicare Part D takes place only at certain times during the year, seniors can apply for EPIC at any time of the year. EPIC members are required to be enrolled in a Medicare Part D drug plan (stand-alone) or a Medicare Advantage health plan with Part D.

**EPIC’s One-Time Special Enrollment Period (SEP)**

EPIC enrollees who are not already in a Part D plan at the time of EPIC enrollment, will receive a Special Enrollment Period (SEP) so that they can sign up for a Part D plan at that time.

Note: EPIC enrollees who are already in a Part D plan have a SEP, in which they have the option of switching Part D plans once per calendar year. This switch is in addition to the Annual Election Period for Part D which takes place October 15-December 7 of each year. You must maintain EPIC coverage and be enrolled in a
Medicare Part D drug plan in order to receive benefits. If you disenroll from your Medicare Part D drug plan either by request or due to failure to pay, you must re-enroll in a Medicare Part D plan or you will not receive EPIC benefits for the remainder of the year.

**EPIC and Employer/Retiree Drug Coverage:**

EPIC requires Part D plan enrollment; as such, these individuals are not eligible for EPIC, since enrollment in a Part D plan would compromise their employer/retiree coverage.

However, if the Employer/Retiree drug coverage is a Part D plan they would be able to have EPIC supplement their Part D covered drugs. Check with the benefits manager to find out what drug coverage they have.

**EPIC and Extra Help:**

EPIC will provide assistance to members who have been identified as income eligible for Extra Help, EPIC can apply to the Social Security Administration for Extra Help on their behalf, and provide a Medicare Savings Program (MSP) application and assist in completing, upon request.

The benefits of having EPIC together with Extra Help include:

- EPIC fees are waived for members with Full Extra Help.
- Additional savings on generic drugs ($3.35) lowered to $3.00; brand name drugs ($8.35) lowered to $3.00.
- Medicare pays Part D premiums up to $39.00 (2018), EPIC pays up to an additional $39.00 (2018).

EPIC will pay the de-minimis amount for all members that qualify for EPIC’s premium assistance.

**Enrolling in EPIC**

- You can call EPIC at 1-800-332-3742 (TTY 1-800-290-9138) to request an application.
- Visit [www.health.ny.gov/health_care/epic/application_contact.htm](http://www.health.ny.gov/health_care/epic/application_contact.htm) to download and print an application. You can also submit an online request for EPIC to mail you an application.
- You can ask your pharmacists for an application.

No need for expedited applications! EPIC applications are processed on average under two weeks. Any applicant needing immediate coverage should contact EPIC.
2018 EXTRA HELP

Enrollment:

- **On-Line Application:** https://secure.ssa.gov/i1020/start
  - **Hard Copies:** Social Security created applications that have special ink for scanning purposes. Photocopies will not be accepted. Original forms only.

Denied because your assets are too high? Try enrolling the beneficiary into the Medicare Savings Program (MSP)! MSP eligibility automatically qualifies a person for Extra Help and it has no asset test! For more information, see the MSP section in this guide.

**Note:** Income and asset limits on this chart are rounded to the nearest whole dollar. There's also a $20 income disregard (factored into the income limits above) that the Social Security Administration automatically subtracts from your monthly unearned income.

1 Income limits are based on the Federal Poverty Level (FPL), which changes every year in February or March. Limits are higher for each additional relative living with you for whom you are responsible.

2 You pay no premium if you have Full Extra Help and a basic Part D drug plan with a premium at or below the Extra Help premium limit for your area.

3 Asset limits include $1,500 per person for burial expenses.

- A Dual Eligible must have Part D.
- Spend-Down – also known as “Excess Income” or incurred Medical Expense Deduction
  - Individuals who have excess income need to spend-down a certain amount of money by incurring medical expenses each month before becoming or remaining eligible for Medicaid. (More information on Medicaid Spend-Down is located in this section.)

Helpful Hint! The Medicaid Look-Back for skilled nursing facilities is five (5) years. Transfers made within the 5 years before admission to a nursing home and application for nursing home Medicaid may cause a “transfer penalty” for a period of time based on the amount transferred. This means that Medicaid will not pay for nursing home care during the penalty period. No 5 year lookback or transfer penalties apply to Home and community Based Services (HCBS), managed long-term care (MLTC), the Medicaid Assisted Living Program, or any other community-based Medicaid services.
**Part A and Part B Coordination:**

- Automatic Medicaid Crossover – Medicare's Coordination of Benefits will now automatically cross-over and submit unpaid expenses to Medicaid.

- Medicaid supplements Medicare coverage by paying out-of-pocket Medicare cost-sharing (co-insurance and deductibles) to providers who accept Medicaid, and by providing services and supplies not covered by Medicare or after Medicare benefits are exhausted.

- Some but not all Medicaid beneficiaries are also Qualified Medicare Beneficiaries (QMB). (Those with incomes above 100% Federal Poverty Line may be able to spend down for Medicaid but their income is too high for QMB). Some people have only QMB but not Medicaid. For QMB beneficiaries, Medicaid will pay out-of-pocket Medicare cost-sharing expenses to providers who accept Medicaid. If a provider does not accept Medicaid, the provider may not balance-bill a QMB beneficiary.

- Medicaid eligible beneficiaries may qualify for the SLMB and QMB assistance programs. Please refer to the Medicare Savings Program in this resource guide to learn more about these programs.

**Part C – Medicare Advantage Plan Coordination:**

Medicare Advantage plans usually do not contract directly with the State and therefore present a grey area when it comes to secondary payer for billing issues. There is no automatic cross over as with original Medicare.

Medicaid Advantage Special Needs Plans are designed to work specifically with a dual eligible. They contract directly with the state government. They wrap-around the Medicare Advantage plans to stream-line the billing process for duals.

Duals should always be screened for QMB or SLIMB so they should not be responsible for the Part B premium, and, for QMBs, for Medicare cost-sharing.

Note: If the dual has a spenddown, enrolling into QMB or SLMB will increase their spenddown. Spenddown clients should be given the choice of whether they want the Part B premium paid directly on their behalf through the MSP or whether they want to continue paying the premium and having the cost deducted from their income to reduce their spenddown.

The Medicare Advantage premium is a combination of Part C premium (MA) and Part D. A dual eligible will be deemed for Extra Help and the Part D premium component of the Medicare Advantage plan will be subsidized up to the benchmark amount. Neither Extra Help nor Medicaid will cover additional Part C premiums above the benchmark amount.
**Part D – Prescription Drug Coverage Coordination:**

- If a dual eligible does not join a prescription drug plan, they will be automatically and randomly assigned into a benchmark drug prescription plan.
- If they choose not to participate in a prescription drug plan, they may lose all their Medicaid benefits.
- If a dual eligible has creditable drug coverage through his/her employer or union or his/her spouse, they are not automatically enrolled into a Part D plan. This is to prevent duals from jeopardizing their employer or union coverage.

**Medicaid coverage of prescriptions for the Dual Eligible Population:**

Only drugs that are excluded by law from being covered by the Medicare Part D plans, such as select prescription vitamins and over-the-counter drugs are covered by NYS Medicaid for dual eligible patients (Medicare/Medicaid).

Claims for over-the-counter medications and prescription vitamins can be billed by the pharmacist directly to Medicaid as they are not covered under the Medicare Part D benefit.

A list of drugs that can billed directly to Medicaid for dual eligible beneficiaries can be found on the following page or at:

and

[http://www.emedny.org/ProviderManuals/Pharmacy/PDFS/Pharmacy_Procedure_Codes.pdf](http://www.emedny.org/ProviderManuals/Pharmacy/PDFS/Pharmacy_Procedure_Codes.pdf)

**Part D Drugs:**

Medicaid does not provide dual eligible patients with coverage of Part D-covered medications. Even if a dual eligible’s Part D plan does not cover a specific Part D drug (because it is not in the formulary, or requires prior authorization or step therapy), Medicaid will not cover the drug.

**Compound Medications:**

Medicaid also does not cover compound prescriptions for the dually eligible population. Patients and providers should consult the appropriate Medicare Part D prescription drug plan or Medicare Advantage Prescription Drug Contracting (MAPD) plan for coverage of compounded prescriptions for medically accepted indications. Medicaid will cover compounded prescriptions for NYS Medicaid beneficiaries who are not Medicare eligible.
“Best Available Evidence” of Medicaid or Extra Help Eligibility Policy:

If a dual eligible, or LIS recipient, receives the incorrect cost-share level at the pharmacy, the Plan must override the subsidy-level data and apply the appropriate cost-sharing level until CMS’ systems are updated. The pharmacist or beneficiary must contact or fax the appropriate information to the Plan. For more information on this policy, see the Best Available Evidence Policy in the Medicare Part D section.

LINET:

When a dual eligible goes to the pharmacy and there is no evidence of a Part D plan, but clear evidence of both Medicare and Medicaid, the pharmacist is required to bill LINET - Humana Contractor. A 31-day supply of the drug will be provided. Pharmacists can call 1-800-783-1307 for assistance. For more information on this opportunity, see the LINET/Point of Sale in the Medicare Part D section.

Special Enrollment Period (SEP):

- A dual may switch to a different plan once per quarter for the first three quarters of the calendar year. For example, a person can use it once in January – March, once in April – June, and once in July – September.
- A dual may choose and switch to a different plan once they are notified of a change of LIS or Dual status.
- A dual may choose and switch to a different plan if they were assigned by CMS or their State (e.g., auto-assigned, reassignment, passive enrollment).

Spend-Down:

If a person’s income is above the Medicaid limit, client may qualify for Medicaid by incurring medical bills in an amount that equals the monthly spend-down. To calculate the spend-down, the spouse’s income also counts if they live together, unless the spouse does a “spousal refusal.”

- The spend-down must be met each month to have ongoing Medicaid.
- The spend-down must be met just once to receive Extra Help for the entire calendar year. If that person meets this one-time spend-down in August or later, they will receive Extra Help for the rest of that year and the following calendar year.
- A bill only needs to be incurred to count toward the spend-down. It does not have to be paid. The date the medical service occurred is what counts, not the date of the bill.
- Medical bills, including the client and their spouse, can be considered (even if the spouse if not applying for Medicaid). However, if the spouse requested a “spousal refusal,” then you may not use the spouse’s bills.
- Bills for any dependent child under age 21 can be used toward Spend-down.

- Deductibles and coinsurance for Medicare, Part D or other private health insurance can be used.

- Services that are medically necessary such as chiropractors, podiatrists, drugs the Part D plan won’t cover, bills of doctors who don’t take Medicaid, and Over the counter items can be used to meet the spend-down.
  - EPIC – EPIC expenses and the amount EPIC pays (not just the client’s co-payment, counts toward spend-down). This includes 3 months before the month client applies for Medicaid.

- Hospital bills – To cover an inpatient hospital stay, even for just one night, Medicaid requires individual to meet SIX months’ spend-down instead of ONE MONTH. This is true for Medicaid to cover the Medicare Part A hospital deductible.

- While people already on Medicaid may only utilize bills incurred in the current month to meet the spend-down for that month, there is a special rule for new applicants. They may use:
  - Paid bills (for the 3 calendar months prior to the month of application). These past due bills can be used to meet the spend-down for up to six months beginning in the month of application, or beginning up to 3 calendar months prior to the month of application. These paid bills may also be reimbursed by Medicaid once the spend-down is met, if the provider accepts Medicaid.
  - Unpaid medical bills (no time limit, can be very old bills, as long as they are viable meaning doctor can sue to collect the money). These bills may be used to meet the spend-down beginning in the month of application, or beginning up to 3 calendar months prior to the month of application. There is no limit on the length of time these bills can be used to meet the spend-down. For example, if Mary has a $200/month spend-down and had a $2,000 dental bill five months before she applies for Medicaid, the bill can be used to meet the spend-down for 10 months, beginning in the month of her application or, at her option, 3 calendar months before she applies.

**Spousal Impoverishment:**

The expense of nursing home care, which ranges from $8,000 to $16,000 a month or more, can rapidly deplete the lifetime savings of elderly couples. In 1988, Congress enacted provisions to prevent what has come to be called "spousal impoverishment," which can leave the spouse who is still living at home in the community (the “community spouse”) with little or no income or resources if all of the “sick” spouse’s income and resources are used to pay for their nursing home care.
These provisions help ensure that community spouses are able to live out their lives with independence and dignity.

**Spousal impoverishment protections have been extended to community spouses of individuals receiving Home and Community Based Services (HCBS) waiver, or Medicaid managed long term care (MLTC), or “Immediate Need” personal care or Consumer Directed Personal Assistance Program (CDPAP) services.**

The spousal impoverishment provisions apply when one member of a couple (the “Medicaid spouse”) enters a nursing facility and is expected to remain there for at least 30 days, or is receiving HCBS waiver, MLTC, or “Immediate Need” personal care or CDPAP services.

**Resource Eligibility:** When the Medicaid Spouse in a nursing facility applies for Medicaid or “Immediate Need” personal care or CDPAP services, or enrolls in an HCBS waiver or MLTC plan, an assessment of both spouses’ individually owned and joint resources is made. The couple's resources, regardless of ownership, are combined.

**EXEMPT RESOURCES:** The couple's home, household goods, an automobile, pre-paid funeral agreements for each spouse, and a burial fund of up to $1500 for each spouse are not included in the couple's combined resources.

The Medicaid Spouse may keep resources up to the single resource limit used in the community. (2018- $15,150) plus a pre-paid funeral agreement and $1500 burial fund or life insurance with cash value up to $1500. If the Medicaid Spouse has more resources solely in his/her name or held jointly with the spouse, the Medicaid spouse may transfer resources that exceed the resource limit ($15,150 - 2018) to the Community Spouse. Transfers to anyone else may cause a “transfer penalty.”

The Community Spouse may keep $74,820 of the couple’s combined resources, plus a pre-paid funeral agreement and $1500 burial fund or life insurance with a cash value of up to $1500, and the home. If the Community Spouse has more than $74,820, then she may keep up to one-half of the couple's combined resources up to $123,600. If the couple has more resources, they may consult an elder law attorney for other options. These may include the community spouse seeking an order of support, or requesting a fair hearing to allow the spouse to keep more resources in order to generate interest income if the spouse's income is otherwise below the minimum monthly maintenance needs standard. (See Income Eligibility below).

If there are excess countable resources, they may be considered available to the Medicaid spouse as countable resources. Once resource eligibility is determined, any resources belonging to the community spouse are no longer considered available to the spouse in the medical facility.

Because the couple is married, the home is exempt as long as the Community Spouse is residing there, regardless of its value. For single person seeking MLTC or HCBS services, the equity limit for the home is below $828,000 (2018).
**Income Eligibility:** A Medicaid spouse may use all or part of his or her income to support the community spouse, depending on the spouse's own income. If the community spouse has his or her own income that is less than the "minimum monthly maintenance needs allowance" [MMMNA] ($3,090/month in 2018), then the community spouse may keep his/her own income plus enough of the Medicaid spouse's income to bring the total up to the MMMNA level. This is called the “community spouse monthly income allowance” (CSMIA).

The MMNA is calculated after applying allowable deductions. If the community spouse’s income exceeds the MMNA, Medicaid will ask for a contribution of 25% over that amount for the Medicaid spouse’s care. For MLTC and waiver programs, if the community spouse’s income exceeds the MMNA, Medicaid can do a comparison budget treating the Medicaid spouse as a household of one and only counting his/her income. Medicaid should choose the budgeting that is most advantageous.

In a nursing home, the Medicaid spouse may keep only $50/month plus enough to pay any Medigap or other health insurance programs.

For MLTC and waiver programs, the Medicaid spouse may keep $391/mo. and enough to pay any Medigap or other health insurance premiums.

**Spousal Refusal:** If client is married and spouse does not need or qualify for Medicaid, client may still apply if spouse refused to make income and resource available. With spousal refusal, budget is considered “Single.” Note – county may have the right to sue “refusing” spouse for support. Each county has different policies.

**Special Income Deduction for People Who Left a Nursing Home or Adult Home and Enrolled in an MLTC Plan**

If an individual was in a nursing home or an adult home for 30 days or more, and Medicaid paid toward the nursing home care, and now the individual is discharged home and enrolls in an MLTC plan, they may keep an additional amount of income to pay for their rent or mortgage. This reduces or even eliminates their spend-down. The current amounts – which vary by region in the state – are posted in this article - http://www.wnylc.com/health/entry/212/. One cannot use both this housing deduction and “spousal impoverishment” budgeting – must pick one or the other.

**Pooled Income Trusts – Can reduce the Spend-Down**

An individual, whether married or single, with a spend-down may enroll in a Pooled Income Trust to reduce or eliminate the spend-down. These trusts are sponsored by non-profit organizations. The person who enrolls in the trust may deposit their spend-down into the trust every month. For a small fee, the trust then pays the individual’s rent or other expenses. Once the individual enrolls, the trust must be submitted to the local Medicaid program with forms that show that the individual is disabled. One form must be signed by the individual’s physician and the other is completed by the
applicant explaining the individual’s work, educational and medical history. For more information see http://www.wnylc.com/health/entry/44/.

MEDICARE SAVINGS PROGRAM 2018

The incomes included in the charts include a $20 disregard:

**Qualified Medicare Beneficiary Program (QMB):**
- Pays for the Medicare Part A and/or Part B premiums.
- Medicare providers should not bill QMB’s for Medicare cost-sharing.
- Individuals may also be eligible for Medicaid
- There is no resource test.
- Original Medicare and Medicare Advantage providers who do not accept Medicaid must still comply with improper billing protections and cannot bill QMB’s
- Does not offer retroactive premium reimbursement
- Effective the first of the month after application.

**Specified Low Income Medicare Beneficiary Program (SLMB):**
- Pays for the Medicare Part B premium only.
- Individuals may also be eligible for Medicaid (with a spend-down)
- The applicant must have Medicare Part A
- There is no resource test.
- Offers up to three months of retroactive premium reimbursements.

**Qualified Individual (QI):**
- Pays for the Medicare Part B premium.
  Individuals cannot be eligible for QI and Medicaid.
- The applicant must have Medicare Part A.
- There is no resource test for this program.
- Offers up to three months of retroactive premium reimbursement within same year as the effective date.

**Qualified Disabled and Working Individual (QDWI):**
- This program pays for the Medicare Part A premium.
- The applicant must be a disabled worker under age 65 who lost Part A benefits because of return to work.

**MSP Helpful Hints:**
- Automatic Enrollment into Extra Help
- Automatic removal of any Part D late enrollment penalty

Medicare Savings Program Budgeting

Earned Income
- Count wages, salary and earning from self-employment and
- Count less than half of your clients earned income (subtract $65 from gross EARNED monthly income, then divide remaining income in half).

Unearned Income
- Count Gross Social Security – before the Part B premium is deducted,
- Count Pensions, including disability pensions,
- Count Income from retirement accounts only if asset pays out on a regularly and is not automatically reinvested like as an IRA or annuity.
- **Do Not** count interest earned on checking or savings accounts.

Disregards
- Income that does not count for a person’s budget.
- Certain monetary amounts that can be subtracted from a person’s monthly income.
- Earned and unearned income disregards.
- Food stamps or cash assistance.
- In-kind income (except for legally responsible relatives living outside of the home). (not including the part allocated to Part D)

Disregard for Health Insurance Premiums
- Subtract the monthly premium for other insurances such as:
  - Medigap premiums
  - Medicare Advantage Month Premium
  - Any remaining Part D premium that is “above the benchmark”
  - Long Term Care Insurance
  - Union Health Fund Premiums
  - Dental Insurance/Major Medical

You **cannot** use the Part B premium as a health insurance disregard!

Household Sizes:
In 2010, NYS DOH modified its rules so that all married individuals will be considered a household size of **TWO**. **DOH GIS 10 MA 10** (regardless of whether spouse is also aged, blind or disabled). Except if:
- Couple is not living together and
- One spouse is permanently residing in a nursing home

Interest:
**Do Not** count interest on most resources such as checking /savings accounts and CDs. Because this is an ongoing issue, please refer to the following page that includes references for justification.
INCOME

Unearned:

Description: Unearned income is income which is paid because of a legal or moral obligation rather than for current services performed. It includes pensions, government benefits, dividends, interest, insurance compensation and other types of payments.

Policy: The available net amount of unearned income, in addition to any other countable income, is compared to the appropriate income level.

References: SSL Sect. 366.2
Dept. Reg. 360-4.3

Interpretation: The following types of unearned income are described in detail in this section: Unemployment Insurance Benefits; NYS Disability Benefits and Workers' Compensation; Social Security, Railroad Retirement, Veterans' Benefits; Dividends and interest; Private pensions/Retirement Funds; Union benefits; Support payments (voluntary and court-ordered); Contributions from relatives and friends; Income from rental of property; Military Dependency allotments; and Reverse Mortgages.

Unearned income is verified as to the amount, type and frequency, and the information is documented in the case record.

Disposition: When the gross unearned income has been determined, disregards are deducted to result in available net unearned income. This, in addition to any other countable income, is then compared to the appropriate income level in determining eligibility for Medicaid.

PLAN FINDER
Quick Facts

• Plan Finder does not include every drug that Medicare covers. The Plan Finder drug list is updated on a regular basis. If you can't find your drug, contact your plan to find out if it is covered. Remember that Medicare drug plans may choose to cover some or all of the drugs that Medicare covers. Plans may also cover drugs that aren't listed. Plan Finder doesn't show pricing for over-the-counter drugs or diabetic supplies (e.g. test strips, lancets, needles), so these items can't be added to your drug list.

• The plan finder does not have the capacity to let you enter more than 25 drugs. If you need to enter more than 25 drugs, you should contact 1-800-Medicare. The Customer Service Representatives may record up to 50 drugs.

• You can always perform a General Search using only your zip code. You will then be asked to enter other information for a more accurate search, such as the list of your drugs and your favorite pharmacies. For a more Personalized Search, at minimum you will need to have: Zip Code; Medicare Number; Last Name; Effective Date for your plan; Date of Birth.

• In Step 1 of 4 of the search, an option appears under this question: "Do you get help from Medicare or your state to pay your Medicare prescription drug costs?" This allows you to indicate that they are receiving help from Medicaid. In Step 4 of 4 (Refine Your Plan Results) of the search, expand the "Select Special Needs Plans" option on the left side of the screen. Check "plans for people who are eligible for both Medicare and Medicaid" and update the Refine Your Plan Results page. As you proceed to the Plan Results page, you will see some plans titled "Medicare-Medicaid Plan" as well as other plans you may want to look at, including special needs plans.

• Several factors affect drug prices: drug dosage and quantity selected, pharmacy selection, the subsidy level of the beneficiary, as well as the actual timing for drug purchases. Plan Finder provides estimated pricing for what you will pay at your pharmacy. If the dosages and frequencies you use on Plan Finder are different than what you’ve been prescribed, you may go into a coverage phase that may influence the cost share you pay.

• Generally, plans can negotiate more competitive pricing from mail order pharmacies, but this may not always be the case. To find the most cost-effective way to buy your drugs, refer to the Drug Benefit Summary popup you'll find on the Plan Comparison and Details pages, or you can contact the plan.

• A network pharmacy is a pharmacy that a plan contracts with to offer drugs at a certain price. Some plans distinguish network pharmacies as preferred over other pharmacies, because they can offer better drug prices or better benefits.
• The plan finder does not calculate penalties. It is the responsibility of the plan to determine penalties when processing enrollments.

• Due to HIPAA regulations, personal information such as HICN, Effective Date, Last Name, DOB and Zip Code will be erased when the back button is used during a personalized search.

• If the 'Confirmation' page displays with a 14-digit confirmation number, your enrollment has been saved. You should write down the confirmation number or print the confirmation page so that you can refer to it later, or when you want to call the plan or 1-800-MEDICARE. You can also use the "Email Your Confirmation" button to send an email containing all the information on the Confirmation page.

REPORTING

The following provides an overview of the four (4) required reports, and their reporting periods in the new STARS system:

1) BENEFICIARY CONTACT FORM - Records all client contacts. Contacts can be made over the phone, in person, at the office or in a home, via postal mail, email or a fax transmittal.

2) MEDIA OUTREACH & EDUCATION FORM – Used to report all media outreach and education such as billboards, email blasts, print ads/ articles, radio television and others activities.

3) GROUP OUTREACH & EDUCATION FORM - Used to report interactive presentations, booth exhibits and enrollment events. GOE data count towards SHIP Performance Measure #2 Number of Attendees.

4) Resource Report - Resource Report information will now be captured directly from data reported into the new STARS system. The Team Member Profile captures the various demographic information needed such as the number of paid and in-kind staff, volunteers, program support personnel, program managers, age, gender, ethnicity, years of program experience and secondary language capacity. The number of hours allocated to the HIICAP program will be captured by the Activity Form and through the reported time spent on beneficiary contacts and outreach activities.
